

**Behavior Management for Children – Real Tools for Foster
Parents, Adoptive Parents, Relative Care Providers, Staff**

With

Scott Hanauer, MA

Scott Hanauer is Clinical Director of Community Youth Services, Olympia.

He has worked with “at risk” children and their families within the residential setting for over 30 years with the Children’s Home Society of Washington, Seattle and now is Director of Community Youth Services in Olympia.

Scott has extensive experience working with children who have “Reactive Attachment Disorder” as part of their diagnosis. Scott also was a Parent Educator for the Bureau of Prisons, providing a non-traditional approach to Parent Education Services within that setting.
